THE DIRECTIVE

1. I hereby make this advance medical directive that if I should suffer from a terminal illness and if I should become unconscious or incapable of exercising rational judgment so that I am unable to communicate my wishes to my doctor, no extraordinary life-sustaining treatment should be applied or given to me.
2. I understand that "terminal illness" in the Advance Medical Directive Act 1996 means an incurable condition caused by injury or disease from which there is no reasonable prospect of a temporary or permanent recovery where -
 - (a) death would within reasonable medical judgment be imminent regardless of the application of extraordinary life-sustaining treatment; and
 - (b) the application of extraordinary life-sustaining treatment would only serve to postpone the moment of death.
3. I understand that "extraordinary life-sustaining treatment" in the Advance Medical Directive Act 1996 means any medical procedure or measure which, when administered to a terminally ill patient, will only prolong the process of dying when death is imminent, but excludes palliative care.
4. This directive shall not affect any right, power or duty which a medical practitioner or any other person has in giving me palliative care, including the provision of reasonable medical procedures to relieve pain, suffering or discomfort, and the reasonable provision of food and water.
5. I make this directive in the presence of the two witnesses named on page 2.
